

splashy

Splashy is a portable bath seat for kids with disabilities. It makes their bath-time a ton of fun and a lot easier for grown-ups. It's a portable, lightweight and supportive seat that works for bathing and many other activities wherever you go. You can even take it outside for messy games, or on your next roadtrip to granny's house.

Little bath buddies get more space to play together now. Splashy is really compact and sits nice and low in the bath, so it uses less space and less water. It gets better for mums and dads too. Now that you can lift and store Splashy easily, there's no bulky equipment permanently hogging the tub anymore. You've got your bath back!

ADAPTABLE, RELIABLE, & DOWNRIGHT ADORABLE

Your little one will stay safe and supported among all the bubbles and giggles. Splashy adapts to your child's postural support needs, with the option of a 5-point harness or the 3-point pelvic support. There are even four detachable bumpers to add extra support wherever it's needed. The harness and foam supports attach easily to the seat base using toggles – just decide where they're best placed to support your child. Staying comfy matters too, so Splashy's warm-touch foam feels soft whether it's wet or dry.

CLEAN GETAWAY

Splashy's lightweight, detachable parts make it easy to clean. So there's no scrubbing at heavy, awkward machinery. You won't need anyone's help either. Just give it a quick rinse and it's ready for the next bath-time, weekend away, beach trip, or wherever you decide to go.

FEATURES & BENEFITS

Family participation at bath time (and cuddle time afterwards) supports a child's healthy, and happy development. Research shows splish-splashing is good for your child's communication and social skills. It helps with motor development, core strength, balance and co-ordination. It also creates opportunities for sensory activity and problem solving.

5 POINT HARNESS

The Splashy harness adapts to your child's postural support needs, with the option of a 5-point or the 3-point pelvic support.

BUMPER SUPPORTS

4 x detachable 'bumper' supports for use anywhere on the seat where support is required (i.e. head rest, pommel or anti-slide shelf). Additional bumper supports are available to purchase.

FLOORSITTER

Choose from 26 recline options, from upright at 106 degrees to a fully reclined at 140 degrees. The floorsitter can also be used with your GoTo Seat. This means that even children with reduced head control or sitting ability are able to use Splashy. Choose a recline setting which suits your child's activity - you can quickly and easily adjust positions for relaxing or washing.

GROWS WITH YOU

The harness and bumper supports are easily attached using toggles, meaning you can adjust Splashy's supports as your little one grows.

SAFE, SECURE, AND CONFY

Splashy's warm-touch, quick-dry foam covering feels soft whether it's wet or dry. The sculpted shape provides a comfy and supportive sitting position. You can even choose from 3 cool colour combinations.
