

Krypton R

PIONEERING CARBON FRAME

The QUICKIE Krypton R is a light fully adjustable rigid wheelchair from 3.65kgs*. It has been crafted from the most advanced carbon technology available, producing a staggering strength-to-weight ratio.

The result is an ultra-lightweight wheelchair combined with supreme rigidity for an ultra-responsive ride. Take your seat and you'll feel the difference...!

PHENOMENAL RIGIDITY AND RAZOR SHARP AGILITY

It's not only the exquisite material or the famously seductive styling, but also the athleticism and agility of a unique rigid wheelchair. Infinitely adjustable centre of gravity, fine-tuning of the front and rear seat heights and backrest angle adjustment ensures the QUICKIE Krypton R is designed for something truly special.

REVOLUTIONARY ENGINEERING

The QUICKIE Krypton is the first wheelchair range to be manufactured out of the patented, most innovative seamless carbon braid technology.

This fully automated BRAID process makes it possible to build the perfect frame - strong wherever necessary, light wherever possible, manufactured with a precise and reliable automated process.

That's what we call engineering expertise!

EXCEPTIONALLY STRONG

Every part of the fully adjustable QUICKIE Krypton R wheelchair was approved only when our test engineers were 100 % satisfied with its quality.

Our wheelchairs were tested even under freezing cold or desert hot conditions (-20°C to 70°C). No aging test has worn the Krypton down - it is designed to stand the test of time!

SPECIFICATIONS

	Krypton R – Rigid Carbon Wheelchair	Krypton F – Folding Carbon Wheelchair
Max. user weight	125 kg	
Frame material	Carbon fibre	Carbon fibre
Seat width	320 - 460 mm (in 20 mm increments)	320 - 460 mm (in 20 mm increments)
Seat depth	340 - 480 mm (in 20 mm increments)	340 - 480 mm (in 20 mm increments)
Seat height front	430 - 550 mm	430 - 550 mm
Seat height rear	380 - 500 mm	380 - 500 mm
Backrest height	250 - 450 mm	250 - 475 mm
Backrest angle	59° - 105°	75° - 103°
Wheel camber	0°/3°	0°/2°/4°
Total width // length // height	760 mm // 930 mm // 950 mm	720 mm // 1075 mm // 950 mm
Max. pivot width	700 mm	700 mm
Wheelchair weight	from 6,2 kg	from 8,3 kg
