GottaGo

Toilet Time Made Easy, Home and Away

GottaGo is an innovative, portable toilet seat which makes toilet training easier for families of children with additional needs. It is a lightweight seat that creates a supported squat posture which makes for easier, more efficient toileting, wherever you may be.

It all packs into an easy to carry backpack and is so simple to set up - taking the stress out of toilet trips for families on the go. The GottaGo allows families the consistency they need for toilet time success.

Snug
'hug like'
fit

Portable and height adjustable

Making GottaGo suitable for any environment at home or away.

Supported Squat Position for Easier Toileting

Adjustable back, lateral and foot support enhance the squat posture for better function on the toilet.

Secure Fit

Snug "hug like" fit that provides support to a wide range of kids, with warm- touch materials that are great for any sensory issues.

Room to Grow

One frame works for both sizes of seat, with adjustable seat depth there is room for your little one to grow with their GottaGo.

What makes a GottaGo?

Backpack

Able to hold your GottaGo and all that comes with it, the backpack also has space for wipes, nappies, spare clothes and whatever else may be needed for a trip to the toilet.

Safety Strap and Foot Straps

These straps are to ensure a safe and secure fit for your child when using their GottaGo.

Potty Insert

For use when toilets may not be available, the potty insert easily attaches to the GottaGo seat and comes with its own washable carry bag

Seat Strap

The seat strap will hold the seat portion of your GottaGo in its folded position for easy packing into the backpack.
