Josi Stroller

Freedom of the outdoors!

The BEST multipurpose jogging, hiking, & cycling stroller on the market

Enjoy a jog around the park, a ride around the block with help from the Josi Jogging Stroller / Bicycle Trailer. But that's not all, feeling like an adventure to the snowy mountains? The Josi can join you on the snow with a ski attachment.

This versatile stroller makes outings fun for the whole family. This is the best activity stroller on the market, folding neatly to fit in the back of the family car.

The Josi Jogging Stroller features 20" rear wheels, a 12.5" front wheel, and an adjustable suspension that makes gliding over sidewalks, pavement, and outdoor trails a joy to experience. With the optional bicycle set, you can simply convert the Josi into a bicycle trailer, allowing you and your loved one to enjoy a ride together outdoors. Add the optional 7" swivel wheel for easy steering while indoors. There are also a number of support options to choose from so you can ensure the most comfortable ride possible.

Folding with ease

It folds down into a compact size when not in use – this makes it easier than ever to transport, and sets it apart from other rehab strollers currently available in the Australian market.

Support

It's designed for comfort – the JOSI is suitable for use by individuals with mild-through-to-complex seating needs and features an integrated adjustable seat system, with additional positioning aids and an adjustable centre of gravity to help achieve a clinically superior seated position;

So many accessories

there are a range of optional accessories available, including the bike trailer conversion kit, snow ski attachments, beach wheels, rain canopy and more, so families can make it work for them.

Josi includes a canopy.

Seating system with padded covering, 5-point harness, & additional positioning aids available.

Optional wheels for different environments

Size	Seat width	Max user height	Max user weight	Folded dimensions	Weight
Small	47cm	122cm	84.8kg	68x67x62cm	16kg
